Prof. Ishaiahu Shechter
Tel-Aviv University
Faculty of Life Sciences
Dept. of Biochemistry
Ramat-Aviv, Tel-Aviv, Israel

Dear Professor Shechter:

I must tell you how much I enjoyed the European Vascular Biology Conference, and how beautifully it was arranged.

As you know, our funding for support of scientific meetings is very limited and the demand great, so we have a maximum which can be given to any one meeting. It was the amount which you did in fact receive.

It is unfortunate that our support cannot be increased to help you break even - we wish it could.

Please give my regards to Iris, Haviva and all.

Best wishes.

Sincerely,

David Stone
